

ANCHORAGE LINES

PRODUCT INFORMATION

Rope anchorage lines allow workers to access an area such as a roof top, quickly and easily. Used in conjunction with a type 1 fall arrest device, the anchorage line can be used in different applications including easy access of hard to reach areas and as a back up line when using winches and rescue systems.

PRODUCT FEATURES

- ⇒ Available in 12 mm 3 strand hawser laid polyester rope (standard)
- ⇒ Also available in Sharp Edge Kernmantle & Kernmantle Rope
- ⇒ Available as a standard anchorage line in different lengths, or alternatively with a type 1 fall arrest device attached to the line.
- ⇒ Perfect for use as a back up line when using winches or fall arrestors.

APPLICATIONS

- ⇒ Confined space
- ⇒ Horizontal lines for roof work.
- ⇒ Work Positioning applications
- ⇒ Back up fall arrestor
- ⇒ Ladder work
- ⇒ Temporary Access
